FLT M P S

Fleet Training Management and Planning System (FLT M P S) is a fleet-centric application that facilitates comprehensive data analysis and report generation of Manpower, Personnel, Training and Education (MPT&E) information into a single reporting system. A Learning Event Course Completion Module, VBSS Module (CNSF-Afloat Units), SRF-A module (CNAF-CVNs only), Fleet Training requirements, Feedback and MPT&E reports are available to FLT M P S users. All reports are available for ALL NAVAL ACTIVITIES.

E P M - C O G N O S

The Cognos-EPM Business Intelligence (BI) tool provides users access to MPT&E metrics, reports and dashboards drawn from data in the NTMPS Data Warehouse. Only personnel from Echelon III commands and above may access the contents of this portal.
